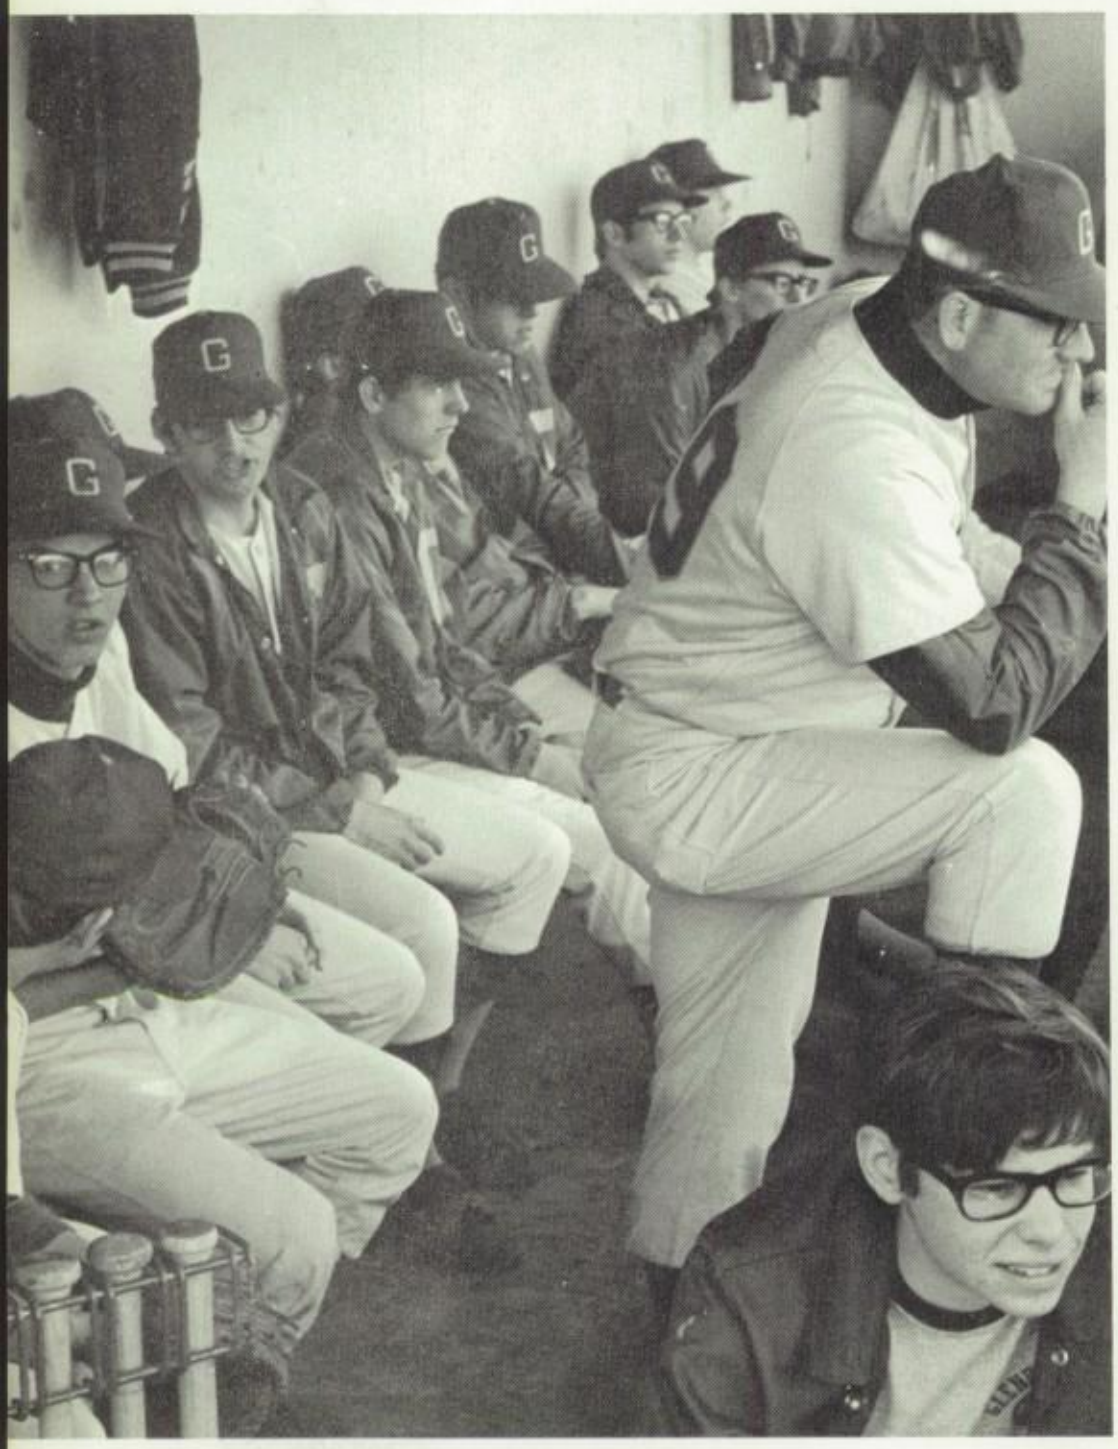
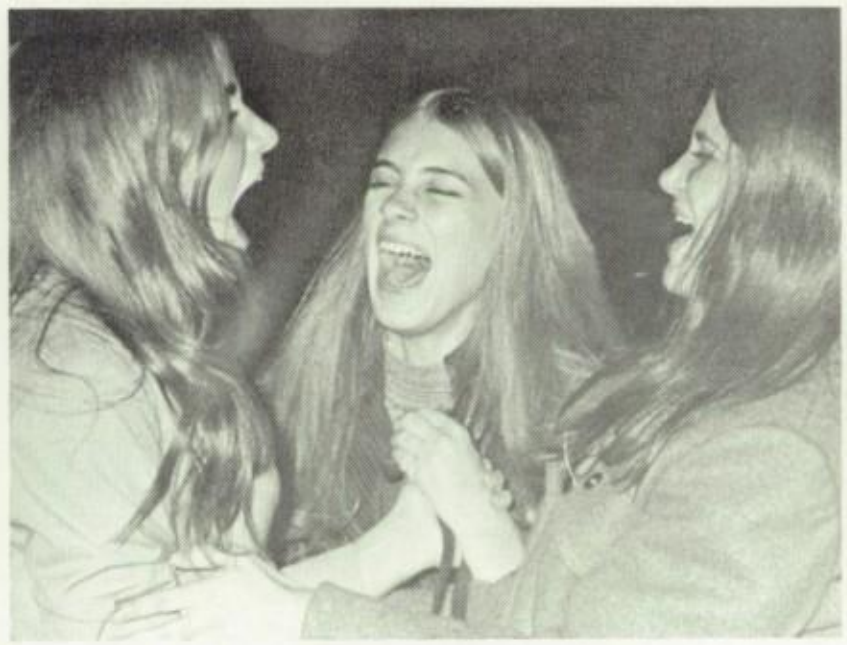
Who am I?
I am only one in a world of four billion inhabitants.
I am only one in a community of twenty-eight thousand people.
I am only one in a high school of two thousand students.
Yet . . . I am an individual
Though I am not alone.

Glenbrook North . . .

Where Even Individualism Expands Through Unity





Whatever we do, or whatever we plan — we can't stand alone, even the best of us; but must share of our gifts with our good fellowmen — for we're only a part of the rest of us! Anonymous

Far Left: Support and enthusiasm is provided by all members of the team, even those seated on the bench. **Top Center:** Behind-the-scenes preparation is an important part of producing a play. Cast and crew members make up faces in the tension-filled moments before the performance. **Above Left:** Congratulations with emotion surrounds Homecoming Queen Cindy Capp as she shares her excitement

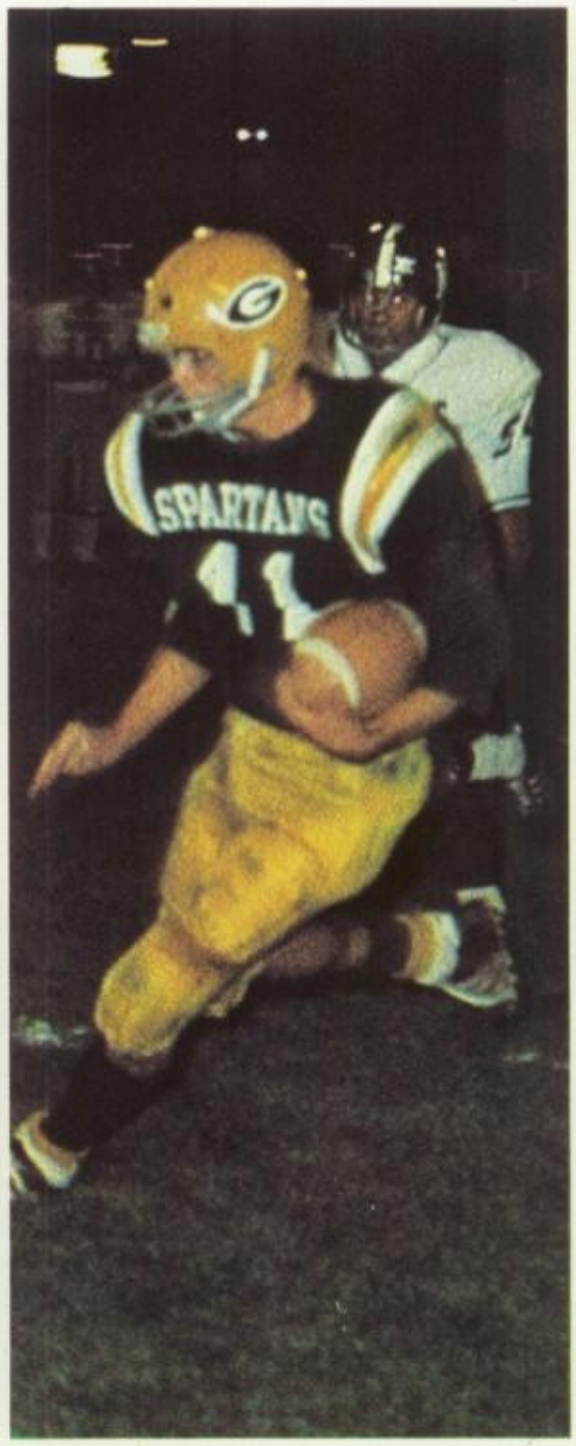
I benefit from those who surround me in my daily life. I feel a part of them their criticism and praise inspires me, but the final product is my own unique combination, my own creation.



Every individual has a place to fill in the world, and is important in some respect, whether he chooses to be so or not.

I have the lead role in the play
But without the crew members to create my environment
Success would never be a reality.
I enjoy going to sock-hops and dances
But the enjoyment is created by
The others who I meet there.

I enjoy observing the return of life in the Spring
But my joy is enriched by others
To whom I express my sentiments.
All the others involved in my activities
Make it possible for me to excel with my talents
Without them, I could not be an individual.

ing Adds One Week To Summer Vacation

Confusion was the word for the days preceding school and during the first week. No one knew where to go or who to turn to including the upperclassmen.

Everyone started to get back into the "swing of things" when it came time to get their books for the coming year. Book sales started August 25, though school wasn't to start until Sept. 14 due to the finishing touches needed on the new addition. The first day of school came as a shock to many because lockers and rooms couldn't be located beforehand.

The 1970 football season was kicked off September 11 at the annual Pigskin Preview. Scrimmages were played between divided freshman and sophomores. The varsity also played against each other. This preview brought the fans an outlook toward the upcoming season.

Freshman Welcome Day

Terror, Excitement, New Friends

Baby food, lipstick, onions and other pleasantries of Initiation Day taught Freshmen that Welcome Day, doesn't always turn out as the "Fun and Games" it was meant to be.

Girls came dressed for the occasion in dark "midi" skirts, white blouses and socks. Boys wore dark short socks and shorts with white shirts. All Freshmen wore "Grundy Baby" caps worth $1.25. Seniors purchased arm bands which also were $1.25. While freshmen followed seniors with books piled high to the ceiling, chants of "Seniors are great, Freshmen are scum," songs of "Rubber Ducky" and "If I Were an Oscar Meyer Weiner," echoed through the halls.

The Loyalty Assembly, which was split into freshmen and sophomores, juniors and seniors, was held in the morning. Dr. Duffy, Mr. Watt, Mr. Montgomery, Bob Cohen and Chris Albini spoke to the students. All speeches were centered around one main theme, "The Belonging and Uniting of Students to GBN." Ellen Katz and Sue Steitz entertained by singing two well-known folk songs, and Dagmar Biehlke, our foreign exchange student, was introduced to the student body.

These Are The Days Of The Spartans . . .

Leaves had fallen from most of the trees in a cold and rainy week before the 1970 Homecoming. Loyal Spartan fans dug out their woolen blankets, sheepskin coats, and fur-lined gloves in preparation for what everyone knew would be another chilling football evening. The weather warmed, heavy clothing was discarded and the only chilling felt was by the Maine South Hawks as the Spartan gridders held them scoreless while piling up 22 points.

Those were the Days as activities began with the store window painting contest. The Pom Pon squad "Pluck the Hawks" and "Chow Maine" took first place. The Pep Rally was at the Bike Track Thursday evening.

Cindy Capp was honored as Homecoming Queen with a court of Senior Cathy Chung, Junior Nancy Hawes, Sophomore Vita Morreale, and freshman Joy Weisbach.

A new attraction this year was King and his court. Phil Morreale was voted in as King, and his subjects were Senior Gary Hebein, Junior Mark Gorgal, Sophomore Dave Collier, and Freshman Phil Abel. Girls voted Mr. Hoffman Cutest Coach. The Senior Class won the field sale, and the Sophomores took first in the Spirit Display. Art Perelgut was voted the hairiest leg.

A new innovation this year was Cageball. Sophomores beat Freshman 6-2, while Juniors won over the Seniors 3-1 in the "Big Game".

Saturday nights' dance was the grand finale of the weekend. The American Breed provided entertainment.

Fall Play

Salem Witch Trials Relived In "The Crucible"

Emphasizing the small man who finds himself alienated from the accepted morality and searches for happiness was the 1970 fall play, the Crucible, by Arthur Miller. The three act play was held at Marillac Auditorium, October 29, 30, and 31.

The Crucible is a dramatization of the famous—and infamous—witch trials that took place in Salem, Massachusetts in the 18th century. It showed the obvious parallel between the hysteria of that day and the present. In the play, Abigail (Kenned MacIver) is rejected by John Proctor (Tom Preihs) and turns her lust into hate and revenge. She invents the devil and evil witches. Later in the play, Proctor faces hanging when an inquisition insists that he sign a confession, but he realizes that he can't live without his name. Man's name becomes the symbol of his ultimate dignity.

Mr. Gerald Murphy was the director of the play. Other lead players were Elizabeth (Ann Malinsky) and Mary Warren (Millie Hurley). A total of 25 students were involved in the presentation.

Winter Concert

Concert Reaps Profit For Senior Class

Some danced, some talked quietly, and others sat on the bleachers and floor to listen to the country-rock music. The students at the Winter Concert found the atmosphere relaxed, as they listened eagerly to the music provided by "Mason Proffit" and the "Magic Childe." It was held on January 23, 1971, at 8:00, and was attended by 1300 students from both Glenbrook North and South.

The winter dances in the past years have been projects that have lost money. This year the concert was successful, as the seniors made a profit of six hundred dollars. The seniors' preparations and efforts, which included selling tickets for two dollars, proved profitable. Through a poll of the senior class, it was decided to hold the concert in the main gym so that students could dance, instead of having it in the Glenbrook South auditorium.

Henning, Saxton Gain World Recognition

Inzell, Germany set the scene for Anne Henning's record in the 500 meter speed-skating race. Mary Saxton, who placed ninth all-around, and Anne toured Europe to lead several speed-skating races.

Winter provided backgrounds for several other Glenbrook activities. School unity was impaired by the split Winter Assembly. Tradition was shattered with a female Santa Claus who awarded gag gifts.

The "Beauty and the Beast" contest, held to raise money for college and trade school scholarships, also altered tradition by having both boy and girl candidates instead of the usual Ugly Man.

A new atmosphere was provided at the International Day Assembly when "The Chrimson Bridge" band entertained. Foreign exchange students were introduced and the almond drive was off to a good start.

Winter Play

First Place Taken In District Competition

Zero, a symbol which represents nothing, was characterized in the contest play, the Adding Machine. The play was held February 10 and 11 for viewing by Glenbrook students, and was later presented in competition. It was a fantasy written by Elmer Rice, author of the 1940's and 1950's.

The lead character, Mr. Zero (Chris Weckler), portrays a man with the tendency of acting as a servant to machines. This started when an adding machine was installed in his office. Mrs. Zero (Cindy Farenga) has no sympathy whatsoever for her husband and continually nags him.

A total of 22 actors performed in the play directed by Mr. Ronald Mills. The original cast was narrowed down to 17, in compliance with district rules which limited the play to 40 minutes. The play took first place in district competition and the cast went on to sectionals.

Girls Gymnastic Show

Second Annual Show Presented By 19 Members

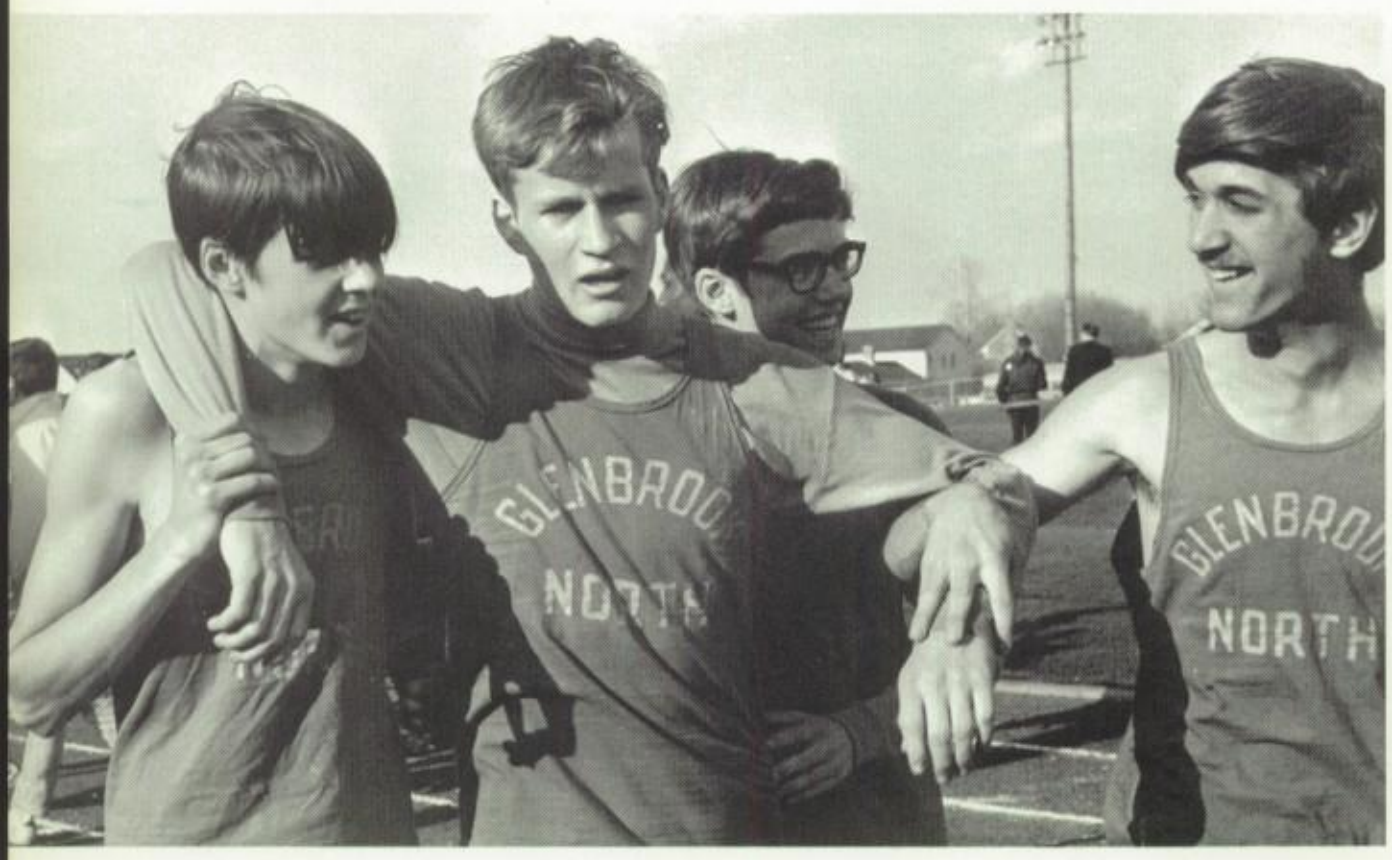
"Very Much Us", the 1971 Girls' Gymnastic Show, was presented on February 16th before a capacity crowd of gymnastic enthusiasts, ("proud parents, and friends of the participants.") The show marked the culmination of many long and tedious hours of practice for the girls.

There were group performances such as an octet forming various pyramids, a tumbling quartet, and a free exercise duet as well as individual performances on the uneven parallel bars and balance beam. The entire squad participated in three of the numbers and were introduced in a unique manner through the use of slides projected onto a large screen.

Highlights of the evening were the individual performances of Janet Cosgrove on the balance beam, Patty Turrif on the uneven parallel bars, and Barb LaShorne doing a solo free-exercise act.

Spartan Relays

Spartans Take Second Place



This year the Glenbrook North Spartans scored 78 points to finish second out of twelve teams at the Spartan Relay Track Meet.

With combined efforts the discus relay team, consisting of Bill Brown, Myles Goldflies, Bill Finedore and Steve Woodsum, placed first and set a new relay record.

Awards were given out for the first five places in an event. The first place winners received gold medals, second through fifth place received ribbons. First three winning teams received trophies.

Queen Sue Watts and her court, Senior Sue Ayars, Junior Kathy Krug, Sophomore Penny Dahms, Freshman Kathy Sullivan, reigned over the ninth annual Spartan Relay meet.

Winter Play

Eccentric Family Entertains With Wild Antics

Sanity being associated with sunshine is a thought mistaken by today's world. This was exemplified in the Moss Hart and George S. Kaufman play, "You Can't Take It With You", which concerned a New York family and their "different" hobbies and attitudes during the Depression. It was held March 11-13 at 8 p.m. in the Little Theater.

The play begins with Essie (Terri Friedman) and Penny (Marcia Cooke) discussing their current hobbies. It continues, bringing in the hobbies of other members in the family, until the only "normal" member, Alice (Sue Shapiro) wants to get married to Tony (Roger Teague).

Nineteen actors were involved in the production. Miss Eileen Singer, director, and Kenned MacIver, student director, combined efforts to develop the performance.

Camelot

Historical English Legend Retold

150 students from both Glenbrook North and Glenbrook South shared "one brief shining moment" as they combined forces to produce the spring musical, Camelot.

On May 14th, 15th, and 16th of May, production took place in Watson auditorium of GBS. North students participated in the following roles: King Arthur, (Matt Schultz), Sir Lancelot, (John Reba), Guenevere, (Shelia Kendl), Pellinore, (Randy Powell). Other North parts were Nemiue, (Mary Ross), Merlin, (Bob Cohen).

Costumes were rented from Eaves Company in New York, As were thirteen backdrops from Tobins Lake Studio in Michigan. Furniture and fountains were also rented.

The show was directed by Ron Mills, while its technical aspects were handled by Gerald Murphy, both from GBN. Music was directed by Steve Osmond and Choreography by Melsa Bobrich of GBS. Eileen Singer of North Handled tickets and publicity.

Prom

Stars Align "Gemini Ascending"

Gemini Ascending was proudly launched by the junior class of 1971 on Saturday, May 23, a rainy foggy night.

The Decoration Committee worked nearly every day and night for two months to set the mood for the theme of Prom. Putting two jungle gyms together, and wrapping clear plastic painted brightly with signs of the zodiac, they constructed the super structure which was placed in the center of the room.

As couples conversed among one another they were entertained with both fast and slow music by the Ross Anderson band.

Bill Wylie, Prom chairman, crowned Queen Maureen Manning and attendants Joanne Chavanne and Polly Melzer to highlight the evening.

Different Outlook Toward Future

Controversy was the key word which characterized the graduation of the class of 1970. A new and different program in which eight students voiced their opinions on education in their community surely caught the audience's eye.

One parent in favor of the program proudly exclaimed that she was impressed by the intelligence, determination and in particular, the sense of truth of the eight students. On the opposing side, another parent stated that graduation was boring and in very bad taste. She added that she would rather have had her son's diploma sent home. Dean Watt summed it up by saying, "Graduation is an important personal event and many parents and students felt it was not a place to educate people in a half hour." But he added, "Dr. Sheeley and Dr. Duffy did an excellent job in putting the presentation in perspective."

I am a student, an independent individual
But without teachers to enlighten new paths of study
I would lose interest in much of my independent work.
I learn by reading
But my point of view is enriched
With others' opinions of what I have read.

I converse with others in a foreign language
But without practice with classmates
My conversation would not flow as it should.
All the others involved in my activities
Make it possible for me to excel with my talents.
Without them, I could not be an individual.

Electives Provide Outlets For Individual Interests

Football, wrestling, gymnastics, any sport has warm-ups, but whoever heard of warm-ups in music? That's right. Students do neck exercises and scale exercises to warm-up their voices before they begin singing.

Concerts were given for parents, students, and other schools by GBN's singing groups. The Band played at home games to entertain and add enthusiasm to the Spartan crowd.

Other elective courses in Music include Theory and History classes. These courses helped students understand the different types of music.

Many students enrolled in elective Art courses to expand their creativity.

Art classes concentrated in four areas; crafts, drawing, painting and sculpturing. Students chose one out of the four areas and specialized in it for their semester project. After the semester project, students then experimented in the other areas. Progress reports were sent home each quarter. In June, the final grade for the entire year was sent home to the students.

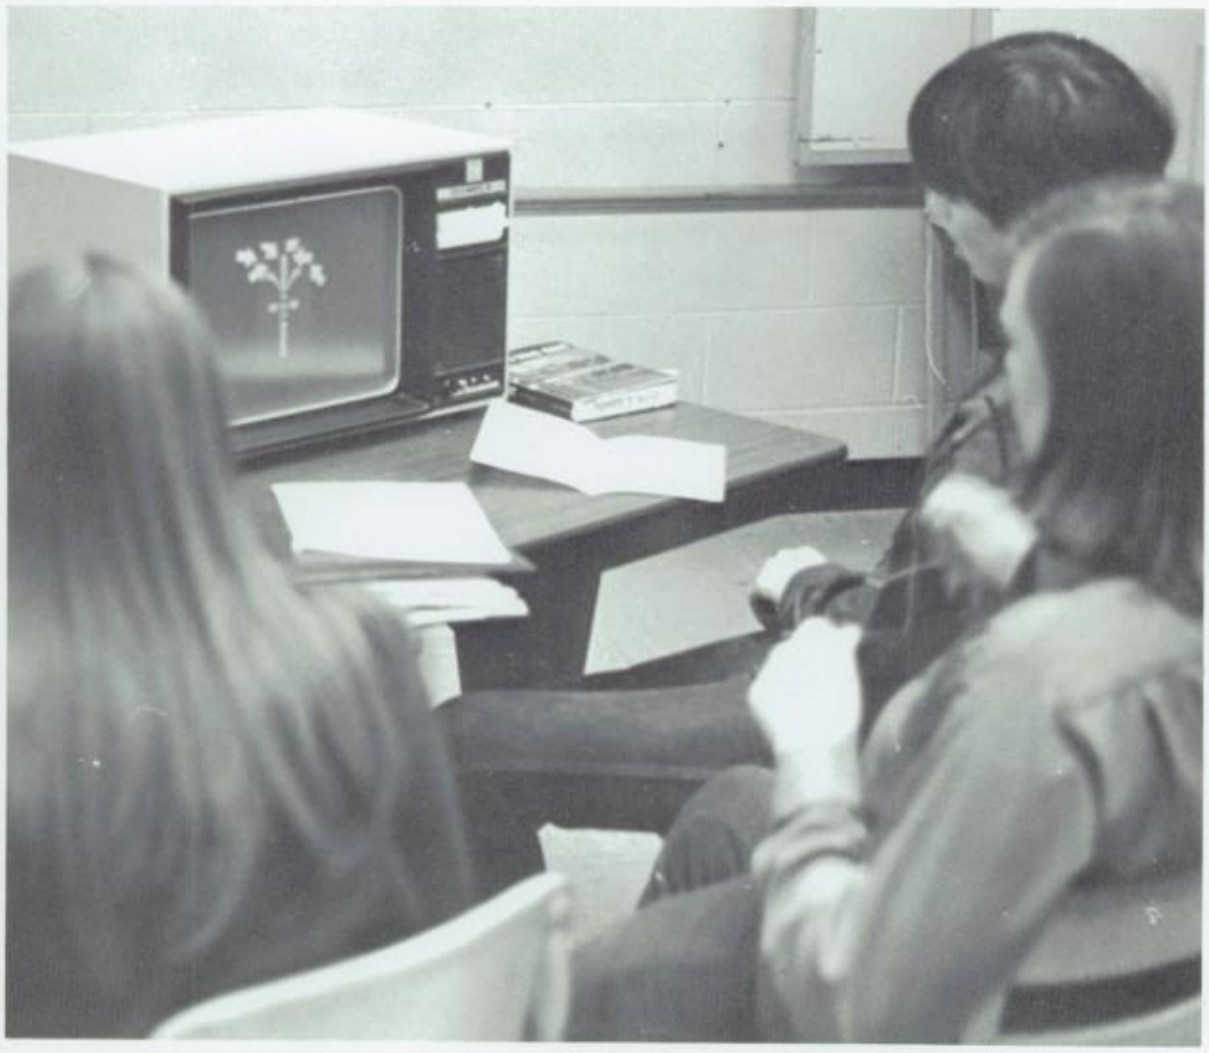
Driver Ed.—Business Ed.

Skills Taught For Practical Uses



Climb in, lock doors, adjust mirror and seat, buckle seat belt, and turn on ignition. This procedure was put into effect everytime a driver Ed student left for his destination.

Two different devices were used in the Department this year. Simulators helped the student practice his driving techniques without leaving the classroom. Also, by pushing a button for an answer, students showed their knowledge in the subject.

Preparing students for the business world wasn't the only goal of the Business Ed Department. Typing and shorthand could also be a part of daily use. The practice of clerical work was made possible by different types of machines.

Above: Coming before school to make up her work is senior Jeanne Krase. **Left:** Modern devices are used by Driver Ed. students for the first time this year.

IMC Provides New Learning Facilities

Adverbs, adjectives, nouns, pronouns—ugh! Drill, drill, drill! This was the usual technique connected with English classes. But students were led away from this to learning English on their own. This was done through the processes of individualized learning and independent study.

This year, located in the English Resource Center, carrels and seminar rooms helped to reinforce the student's concentration and discuss topics with his classmates. Also in the Resource Center, teachers' offices allowed the student to have a conference with his teacher at an available time. Frequently employed this year, films helped students in the particular aspect they were studying or were used as "windows to the world." Concentration was placed on the student as an individual and working towards his goal.

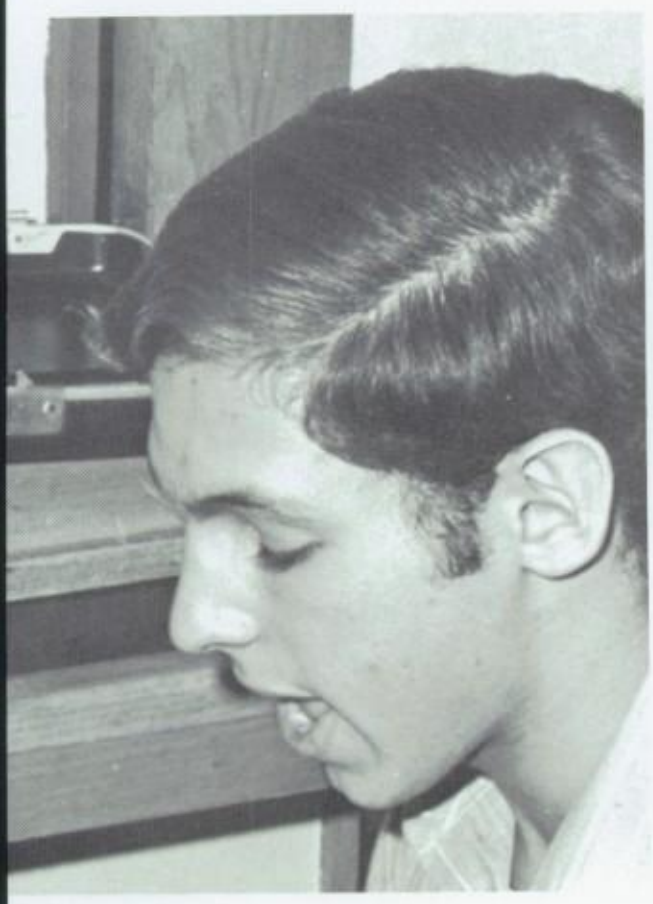
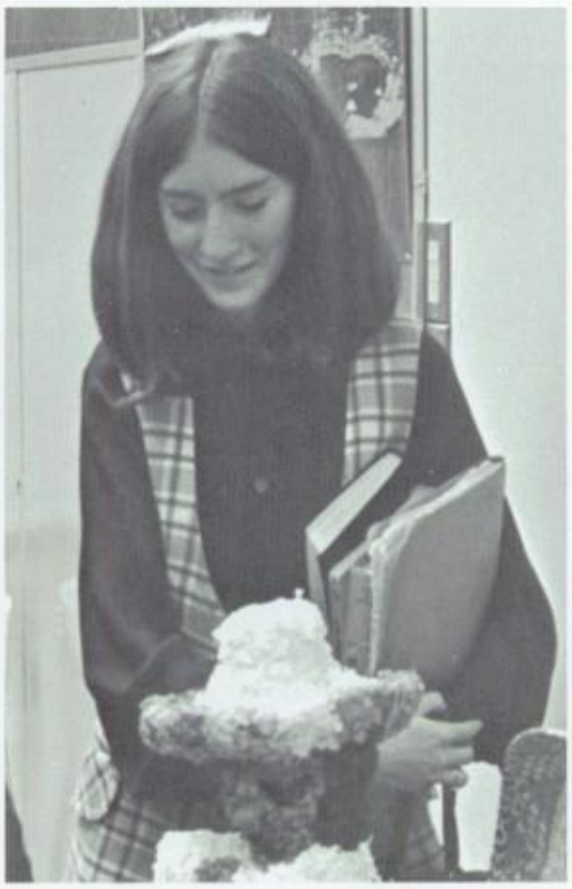
Foreign Language

By Listening, Students Learn Pronunciation and Culture





"How can I learn to speak and write well in foreign language when I can't even do it in English?" many a student asks. The Foreign Language Department showed that learning another language is not so impossible.

Cultural films were used this year by the Foreign Language Department to acquaint the student with the country from where his language originated. In the future, the department hopes to install cassettes in the carrels where students can listen to tapes to improve his weaknesses. As started last year, the program worked towards the student learning at his own pace. Mr. Kersemeir, Chairman, stated, "The Process will continue until eventually all language classes will utilize this approach."

"Child Development" Adds Tots To Enrollment

"We Educate for Living," is GBN's motto. The teachers in the Home Ec. Department are helping students live up to the motto.

Electives in the Department helped students enhance their creativity. Numerous courses such as sewing, cooking, and child development were offered to the students.

This year sewing classes used contracts for each lesson. The student would finish one contract and go on to the next, until they finished the required amount for the quarter. At the end of each quarter a progress grade was sent home. This report helped students see how they were doing in class. The final grade for the whole year was given in June.

The Home Ec Department is greatly looking forward to next year when they hope to expand the Individualized Study Program.

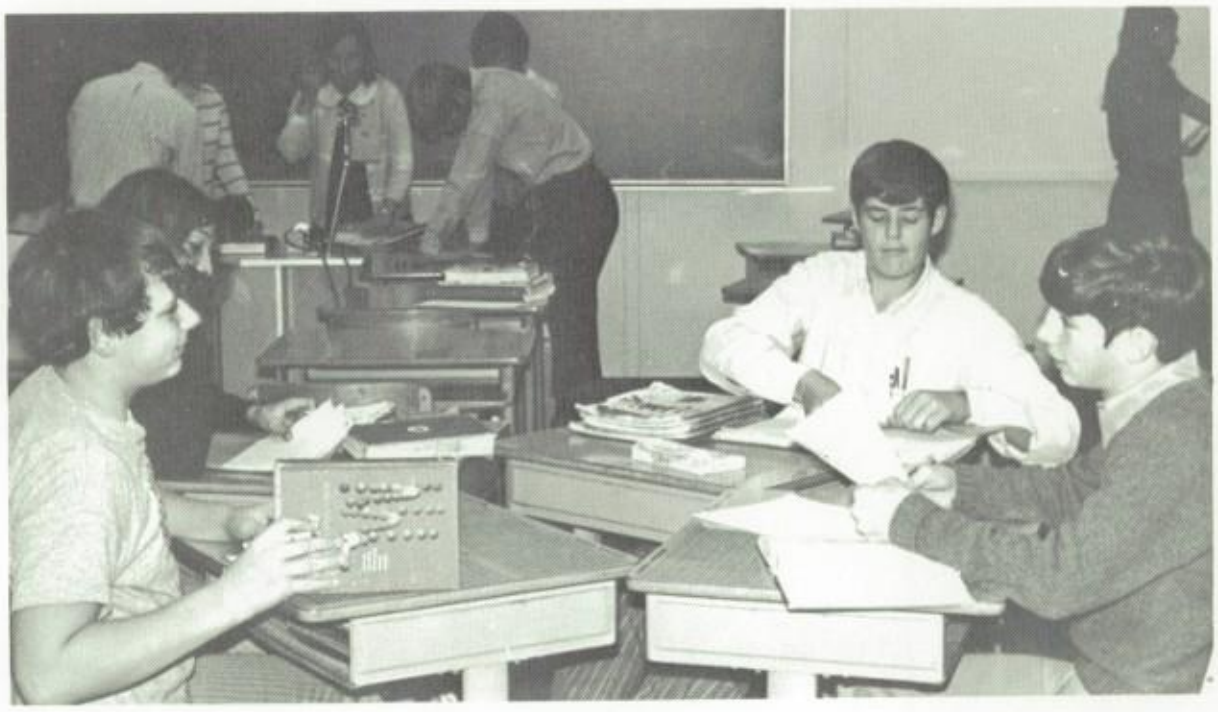
Shops Teach Vocational Techniques

Architects, carpenters, mechanics, and craftsmen find their beginnings at GBN's Industrial Arts Department.

The Department has increased by adding new courses in many different areas. The curriculum includes automotives, woods, plastics, drafting, metals, and the Building Trades Project.

New equipment and more room has helped the department teach its students learning crafts which are used for outside the classroom in practical living.

Independent Study Introduced



How can you make three triangles out of twelve toothpicks in a square by only moving three toothpicks? If you are interested to know the answer, Computor Math will help you find it.

Students enjoyed the wider area for dwelling this year because of the new addition added to the math resource center. A majority of the math classes were individualized learning. Students took the responsibility of working at their own pace and learning the course. Teachers were always available in the resource center to answer any questions students might have.

Physical Ed.

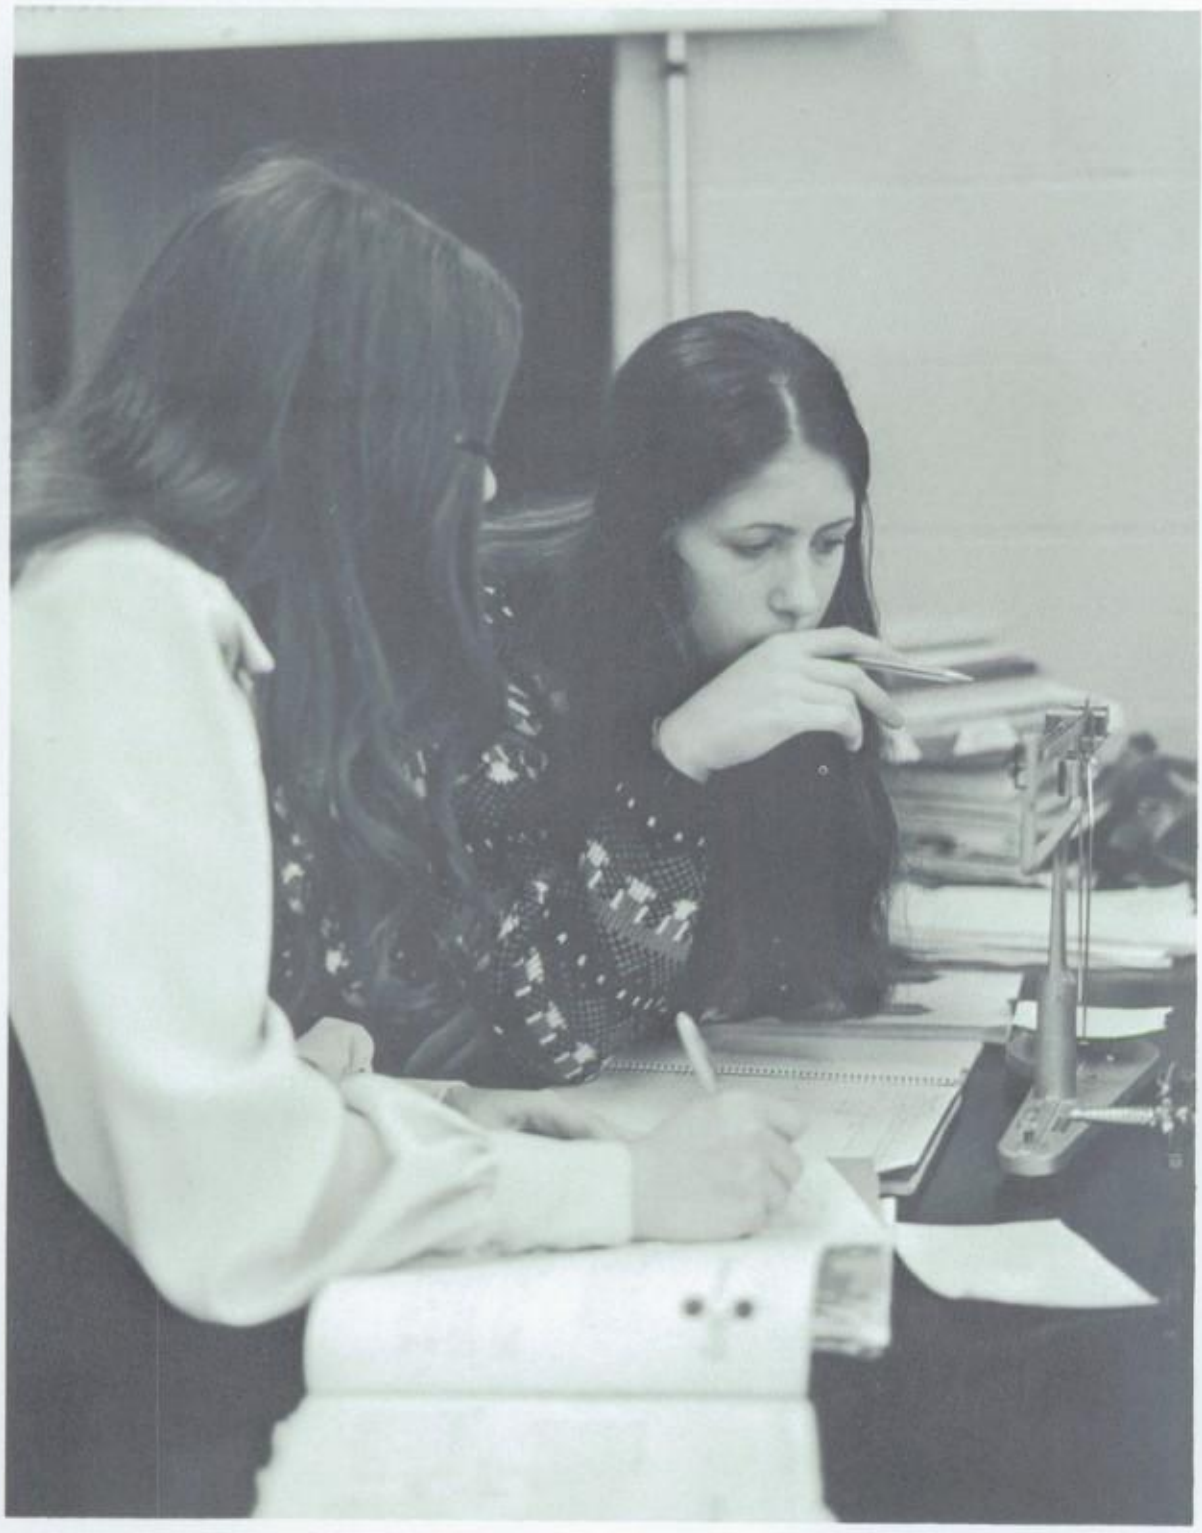
Performance Contracts Used In Girl's P.E.

"A time and place for letting out your anxieties and emotions," characterizes the class of Physical Education. Being a necessary part of a student's schedule, it broke up the daily routine and put some fun into it.

Offering such sports as basketball, apparatus and tumbling, volleyball, and swimming, students had the chance to demonstrate their abilities and learn to work with others. Individualized learning was also put to use in the girl's department. Contracts were given out in basketball and swimming, and girls could work at their own rate. In the boy's department, boys managed to work up a sweat and put their muscles to good use.

Top: Correct measurements are crucial for a successful experiment. Here, Joni Newman and Deb Schulman demonstrate proper technique. **Above:** Finding the correct answer often calls for after class study. **Right:** Raiding the refrigerator is frequently done by biology students.

Student's Curiosity Aroused Through Experiments



If you had 19.72 grams of gold, how many moles of gold would you have? Chemistry students worked on problems such as these and found the answer to be one-tenth of a mole.

The Science Department conducted three types of learning processes this year. Biology classes worked individually but time limits were met. Learning and working at their own pace gave the students in Earth Science more responsibility. But Chemistry classes stuck to the traditional way. Hindered by the finishing touches of construction, the department lacked many facilities and weren't able to carry out their plans.

Above left: Pondering over the amount of grams the paper weighs, Mary Ellen Switzer and Linda Albin concentrate on their experiment. **Left**: Watching and listening to the film strip are Kitty Hallen and Paul Tracey.

Teachers Explore New Instructional Techniques

Debates, discussions, termpapers and projects were just a few of the reasons students used the History seminar rooms.

Individualized learning was also put into full force by the Department. The Resource Center was always used to its capacity by students whom worked on contracts at their own pace. Two types of films were used to help the student in his work. One type developed large topics and made the students think. The other reinforced the learning of a student in his weakness.

The History Department also hopes to install casettes in the carrals in which a student could relisten or review history films or tapes.

The new system also brought hours of work for the teachers. They were continually rewriting, rethinking, and rewording their material to meet the needs of the students.

I am a club President
But without the work of fellow members
The goals of our organization would not be attained.
I am a Pom-pon girl
But without the others on my team
Our routine would cease to exist.

I sing solos
But without a choir to which I belong
My skill would not be developed.
All the others involved in my activities
Make it possible for me to excel with my talents.
Without them, I could not be an individual.

Administrative Council, Class Representatives

Two House System Initiated For GBN

Student Council this year operated under a new constitution. It was put under two houses, Administrative Council and the Assembly.

The Administrative Council included standing committee chairmen, executive board and the four class presidents. The Assembly was made up of representatives elected from homerooms instead of at large.

Council accomplished two main things this year: instrumental passage of open lunch and working together to organize Homecoming, "Those Were the Days." Other projects included Wingspread and the Canned Food Drive.

Tom Preihs, President of Student Council, summed up the system of Council. "Three men didn't land on the moon, a whole nation did. Council didn't work or fail to work, a whole school did."

Pollution Problem Stimulates Investigation

Is there a particular topic or idea that disturbs your mind and needs to be brought to someone's attention? Student Faculty Board, consisting of both faculty and students, discussed topics and answered questions which were presented to them by the student body. This year the question of student teachers being a means of adequate learning was brought up at a meeting. After much discussion, guidelines were drawn up concerning student teaching.

Pollution was the year's topic researched and discussed in Debate. Each debater, after thoroughly investigating the topic, wrote cases and took alternate positions on the issue. One proposal was to eliminate pollution, and ways to do so were discussed. Supporting the present system in controlling pollution was the other proposal. Every Saturday, tournaments, which demonstrated the debater's ability to defend his side of the issue, were held among area schools.

"King David" Performed With Professionals

The tale of David and Jehovah was recounted by Chorale at the Spring Concert through the performance of "King David."

Mr. David Walter, believing that the only way to learn of an era is to perform its music, stressed the importance of variation in the types of music performed by Chorale. This was shown by Chorale's presentation of "O Magnum", "Collection From the Beatles," "King David," and a modern composition by Arlo Guthrie.

Girls' Ensemble, displaying newly purchased uniforms, entertained at the Glenview Naval Air Base and Westmore School. All of the singing groups combined to participate in the winter and spring concerts.

The Spartan Band also appeared on the music scene as they played at all the home football games, the Memorial Day Parade, and the Band Concert held in February.

Letterman's Club, German Band

Gladiator Equipment Funded By Letterman

"The Spirit and enthusiasm of the guys in the Club made '70-'71 a worthwhile year," said President Fritz Kreiss.

The Lettermen worked diligently together to put on the annual Gym Jam which was held October 30. A slave sale and games including a spaghetti throw, which was aimed at senior Mike Langendorf, were offered.

Money for the Club was raised by selling "Big Green Machine" buttons, and Glenbrook North shirts to the student body.

Adding spirit the German Band played for the fans at the Basketball games. Tunes and songs involving crowd participation helped to cheer the team onto victory.

Dressed in authentic uniforms the band was situated on top of the boy's shelf overlooking the action.

Cheerleaders, PomPon Squad, Managers

Athletic Events Receive Support

A reverberating cry of "We are the Spartans" echoed within the crowd led by the cheerleaders at various sports contests. The cheerleaders represented GBN by supporting their teams at all athletic events in contrast with previous years. All squads, determined to build a new foundation of spirit, practiced diligently throughout the year. They raised money for the annual cheerleaders sockhop by holding bake sales and car washes over the summer.

The PomPon squad helped to spread school spirit by performing creative routines for halftime activities and selling spirit buttons and ribbons. They held bake sales and car washes to raise funds for the PomPon sockhop that featured "The Big Funky Deal." The PomPon squad was honored by winning the Homecoming window, "Pluck the Hawks and Chow Maine." Tryouts for new PomPon squad and cheerleaders were held in April.

Tri-M, National Honor Society, Mu Alpha Theta

Initiation Sparks Revival Of Mu Alpha Theta

Singing at St. Anne's and Covenant Village, which spread some cheer during the Christmas season, was the main project of the Modern Music Masters, or TRI-M. Members of this honorary club were selected by Board Members and Mr. Ronald Mills.

"Beauty and the Beast," which replaced the yearly "Ugly Man," was a different atrraction provided by the National Honor Society. A change in the scholarship process widened the eligibility to all students of the senior class, not just club members.

After being revived, Mu Alpha Theta embarked on improving its existence. An initiation was held in which guest speakers, Dr. Duffy and Mrs. Shirley Formeller, discussed the origin and future prospect of Math.

Spectators' Anger Aroused By Broken Stop Watches

Karate experts, clowns, Joan of Arc, and sorcerers appealed to a variety of interests at "All in One," performed by Aquianas on April 21-24. The sponsors, Mrs. Dahlin and Miss Benedict, along with the board members, began their year's work with the tryouts which were held in September. At the girls' Christmas Party, show parts were handed out.

Led by Mr. VanAman, the guards volunteer time on Saturday mornings to teach swimming lessons. Under the staff's direction, children of all ages were taught to swim and work with others as a group.

During the swimming season, the girl timers were present at all home meets. They were kept busy by timing and recording each event. Their work was appreciated by the members of both teams.

Six Audiences Put Demonstration Team to the Test

Aching muscles, blistered hands, happy faces, and the feeling of accomplishment were all characteristic of the Girls' Gymnastic team.

Led by Miss Benedict and Miss Hodorowski, the girls demonstrated their talents at four Northbrook schools and the University of Illinois in Chicago.

Exercising in mind and body, the team practiced after school, Wednesday evenings, and Saturday mornings for their show, "Very Much Us".

"Blind Bargain", the annual modern dance show was presented by Orchesis, which explored numerous areas of dance. The dancers put creative ideas and motions into their routines to keep their audience attentive at all times.

A pot luck supper offered an excuse to bring the girls together to decide the theme for the show. Candy canes were sold again this year to raise money to present "Blind Bargain", the 1971 Show.

Project Awakens Community To Ecology Problems

A bottle recycling drive kicked off the activities of SO2, a Survival Organization. The result of the drive was the collection of 8,000 pounds of glass by 30 members of the club. After a truck was filled, it shipped the glass containers to Anchor Hocking Corporation in Gurnee, Illinois. SO2 received $80 from Anchor Hocking for their club's treasury. The money was used for future community and school projects, assemblies and forums. The response of the people to the collection was very great, and the club furthered its purpose to inform the community on ecology. SO2 reserved two shelves in the IMC for books that they donated on pollution, and members also set up displayes concerning ecology. In February, the club participated in another bottle drive together with the Northbrook Environmental Quality Commission.

Alpine Valley Sets Stage For F.E.S. Field Trip

Skiing at Alpine Valley, touring Old Town, visiting Brookfield Zoo and the International Display at the Field Museum — all of these events stimulated excitement for members of the Foreign Exchange Club and other participating students.

Members of Future Teachers of America and other area schools participated in a workshop at Glenbrook in which seminars were held to acquaint the students with teaching. The National College of Education in Evanston was visited by the members on a field trip.

"A Time For Us," the theme of the 1971 Turnabout Dance, was sponsored by the G.A.A. Board. Other activities sponsored by the board was a sock hop, the All-Stars, and Inter-scholastic Sports.

Students Dress Up As Roman Senators

An Oscar-Award Winning movie is playing at Glenbrook North—in Spanish and French! The French and Spanish Clubs are combining their efforts to produce a four week film festival including award winning movies with English subtitle, to accommodate all students. A trip to a French restaurant, La Maisonette, and the Art Institute was undertaken by French Club members.

Approximately 150 people were invited to the annual Latin Club Banquet. This year the guests had to dress up as Roman senators, and the first year students were sold as slaves. Mr. Weinstein, last year's Latin teacher, was the expected guest for the evening.

A trip to Mexico or Spain highlighted the festivities of the Spanish Club. A visit to Haciendo Del Sol was also on the agenda.

Candle Sale Supports Diversified Occupations

By working part of the school day at a particular place of employment, students received a credit in Diversified Occupations. The club sponsored a candle sale, which helped to raise money for the program, and also a paper drive. Frequent field trips were made to the Auto Show.

In Office Occupations, girls undertook the same system as that of D.O. They went to school in the morning and worked at a job in the afternoon. Harper Junior College, visited on a field trip, furnished exhibits on careers for the members to observe. In April, the club entertained children at an orphanage. Secret Admirer Day, in which boys sent flowers to their admired girl, was sponsored by the members, also in April. In May, an Employer-Employee Appreciation Banquet was held in which the girls brought their bosses to a dinner.

Tycoons, a Business Education Club, held field trips to business colleges where students viewed its prospects. The members sponsored bake sales to make money.

First Variety Show Combines Efforts Of Students

Playboy magazine furnished the script for a play put on by the Thespians called "Wanda Hickey's Night of Golden Memories." It was a short story done in Chamber Theater style. Thespians also helped in the production of the Variety Show which featured talented Glenbrook North students.

Combined this year with the Thespians, Creative and Performing Arts involved students interested in painting, music, dance and theater. The club helped the Theater Department by doing the necessary work in connection with school plays.

Making jewelry, ceramics, and macrame (coarse lacework) kept the members of the Art Club busy all year. The Art Objects Show in Milwaukee was visited by members on a field trip.

Laser Beam Wins First Prize For Science Club

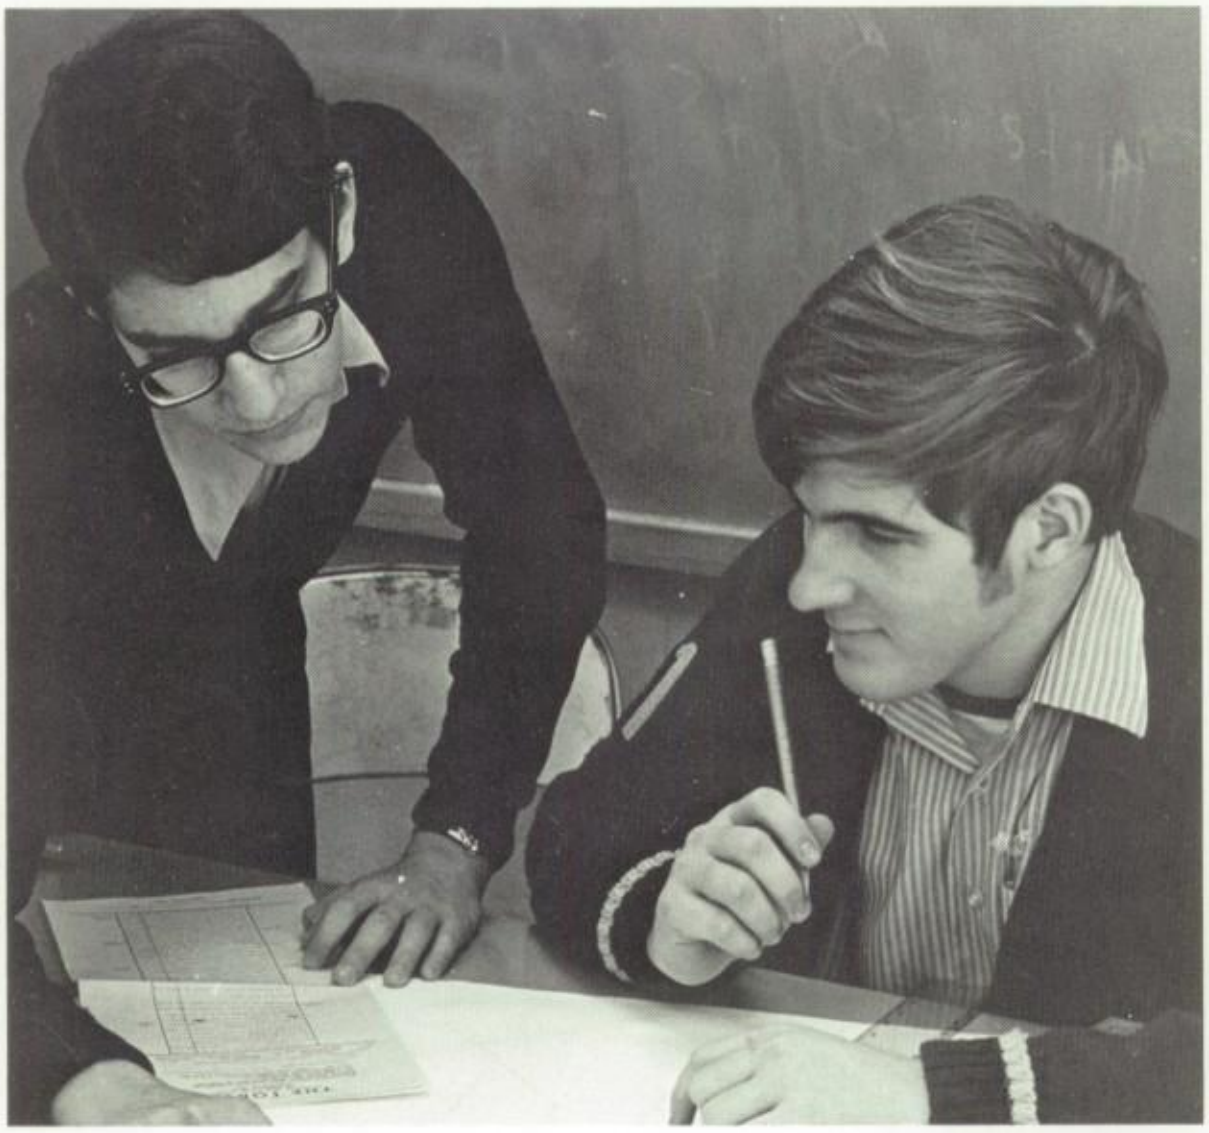
"Let your Feet do the Walking" was the advertisement used by the Science Club to sell the Student Directories.

The Club's hard work paid off as they won club day's first place award for demonstrating their laser. Wednesday afternoon meetings were spent building the display, as well as watching films and discussing current science news.

A new service provided by the club this year was a tutoring service which helped students who were slow in their science-related subjects.

Ham Radio and Electronics Club worked this year to improve their equipment. After hard work, the club contacted three other Ham Radio operators in California, Puerto Rico, and New York. "Ham Radio is a hobby for the kids in the club", explained club member, Glen Weiss.

Student Involvement Produces Creative Work



Do you have a creative mind or talent in drawing pictures or writing poems or short stories? If this fits your personality, then Helicon is the place where you can demonstrate these abilities. Helicon members viewed creative films and evaluated material for publication in the magazine, while demonstrating some of their own talents. The magazine highlighted some of the best work done by GBN students and was sold for others to appreciate.

"Aimed at informing and involving the student-body," was the new motto for the Torch of 1971. Even though hindered by debt, the Torch staff strived to overcome this debt and inform and involve the students. Numerous cartoons and humorous features added a light side to the paper. The paper attempted to cover every area of Glenbrook life by reporting on all the activities of the school. Students also had a chance to voice their own feelings on a particular topic by writing a Letter to the Editor.

I am the star halfback
But I need the team to block for me.
Otherwise, I do not score.
I am a wrestler, alone on the mat.
Though I work for self satisfaction,
The decision from my match affects my team's progress.

I am the coach
But without the skill and desire of my players
I could not experiment with new strategy.
All the others involved in my activities
Make it possible for me to excel with my talents.
Without them, I could not be an individual.

ence Players

Led by all-conference selections Fritz Kreiss, Mike Pfiffner, Jeff Rieker, and Steve Woodsum, the Spartan Varsity football team played to an overall record of 3 wins and 5 losses. It was a season marked by inexperience, as Coach Harold Samorian started 14 underclassmen.

There were some bright spots for the Spartans, however. The defensive unit came on strong to register two shutouts, one of them in the Homecoming game against Maine South, the highlight of the season. Strong individual performances were turned in by sophomore Mike Marquardt, junior Hap Pfeiffer, and senior Mark Novak, along with the all-conference players. Also, Kreiss was named Most Valuable Player for the 1970 season.

Sophomores And JV Pace Underclass Football

Glenbrook's underclass football teams enjoyed a mildly successful 1970 season, the highlight of which were the strong performances by the sophomore and junior varsity units.

The sophomores posted a 5-3 record and showed flashes of brilliance. Superior performances were turned in by Bill Meyer, Rich Martini, John Brown, Dave Collier, and Dean Bouchard. The Junior Varsity rolled to a 5-2 slate, the best record for underclass teams. Joe Burke, Barry Ramsay, Bill Saunders, and John Wylie were out standing individuals for the squad.

On the freshman level, the "A" squad registered a 2-6 record. They were led by Phil Abell, Tim Grolle, Steve Herr, and Rick Hoevel. The freshman "B" team hustled to a 2-2-3 record, as Peter Baum, Scott Andrews, Jim Lyon, and Joe Brender were the top players.

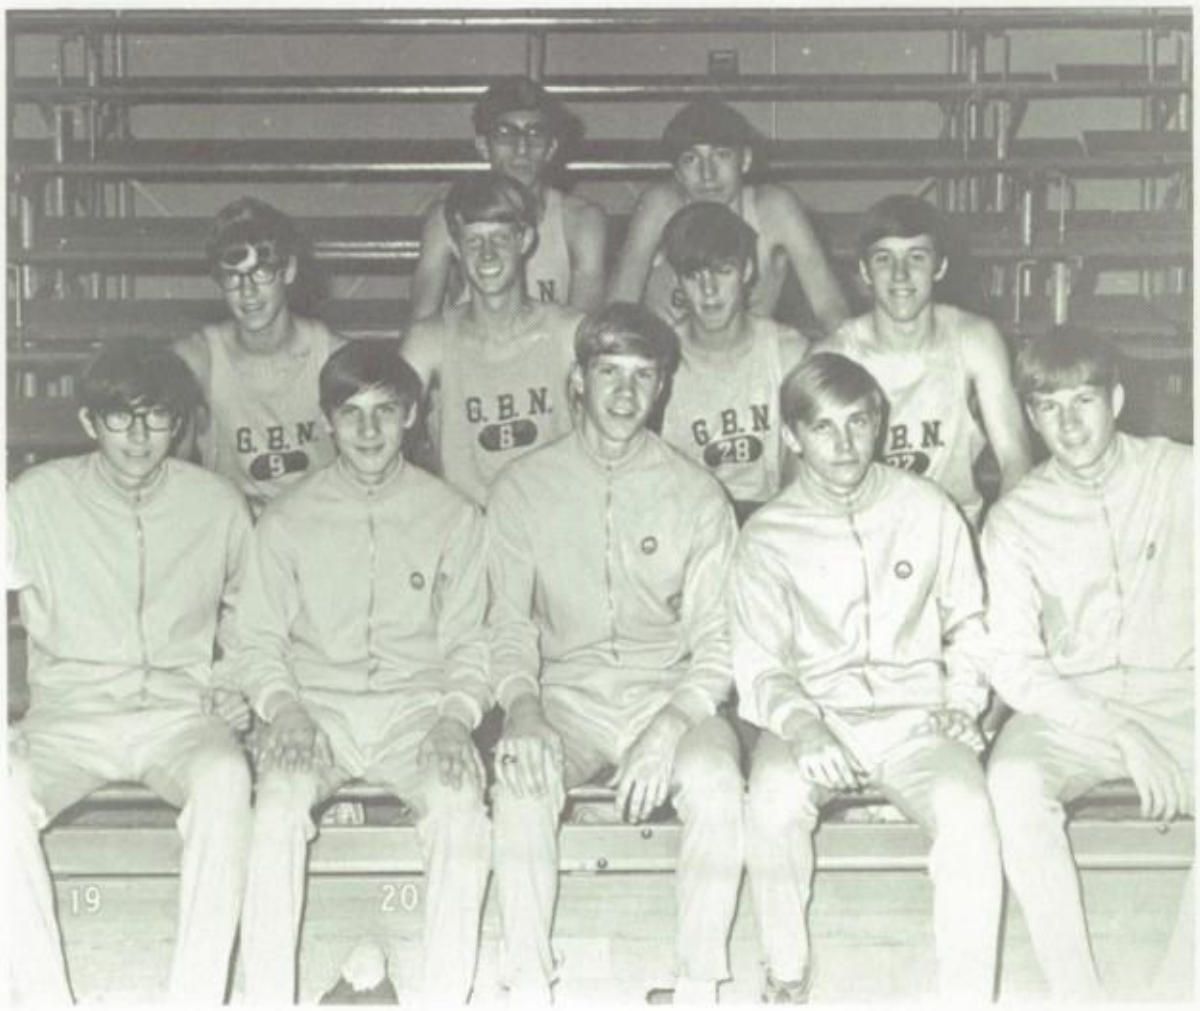
Glenbrook Harriers Finish Season 6-4



The Glenbrook North Cross Country team finished the season with a 6-4 record and a disappointing 6th place finish in the conference meet. Seniors Paul Flick and Pete Hambleton and Juniors Mike McCune, Jerry Pospisil, and Bob Warren prepared for the season by running 1000 miles this summer. Coach Mickey Hoffman described his runners as "great competitors" and "unbeatable on a good day." In the conference meet the Spartans were lead by All-Conference runner, Jim Mitchell who finished 14th. The Sophomores, lead by Kevin Doyle, finished with a 7-3 record and a 4th place finish in the conference meet. The Freshmen were 6-2 and behind Joe Dossik they finished 2nd in Conference.

Coach Hoffman is looking forward to next year because nine of his eleven varsity runners will be returning.

Moe And Goreham Pace Cagers

Heartbreaking finishes and the lack of experience beset the Glenbrook Varsity Basketball team this year. Finishing with an overall 7-14 slate the cagers were led by All-conference selection Jon Moe and honorable-mention choice Steve Goreham.

Throughout the season the Spartans came up on the short end of games which could have gone either way. They lost to Deerfield by one point early in the year and later to conference champion Maine South in overtime.

Moe and Goreham were the only returning lettermen from last year's squad. Coach Charles Hoover alternated seniors Dan Thake, Jim Dennis, Bill Wylie, Pete Wald, Fritz Kreiss, and Paul Wagner along with juniors Mark Gorgal, Pete Pfeiffer, and Mike Pfiffner to combat this inexperience.

In addition to being selected All-conference, Moe was voted Most Valuable Player.

New Coaches Direct Underclass Basketball

Glenbrook's underclass basketball teams enjoyed mildly successful seasons this year as two new coaches were added to the staff.

In his first season Mr. Blaine Royer directed his Freshman "B" squad to a fine record. Notable individuals were Mark Pieters, Corey Gustafson, and Tom Dzein.

Also in his initial year Mr. Dan Perry guided the JV's. The big win came when they upset previously unbeaten New Trier West. Top performers were Hap Pfeiffer, Pete Anderson, and Dave Hall.

The Freshman "A" team was coached again by Mr. Howard Helfrich. The team was plagued by the lack of height but made up for this deficiency with quickness. They were led by Ted Govederica and Jerry Orr.

Coach Willis Rademacher's sophomores steadily improved as the season progressed. The high point was a 2nd place finish in the GBN Frosh-Soph Tourney. Sophomore stalwarts were Jim Reddington and Jeff Newman.

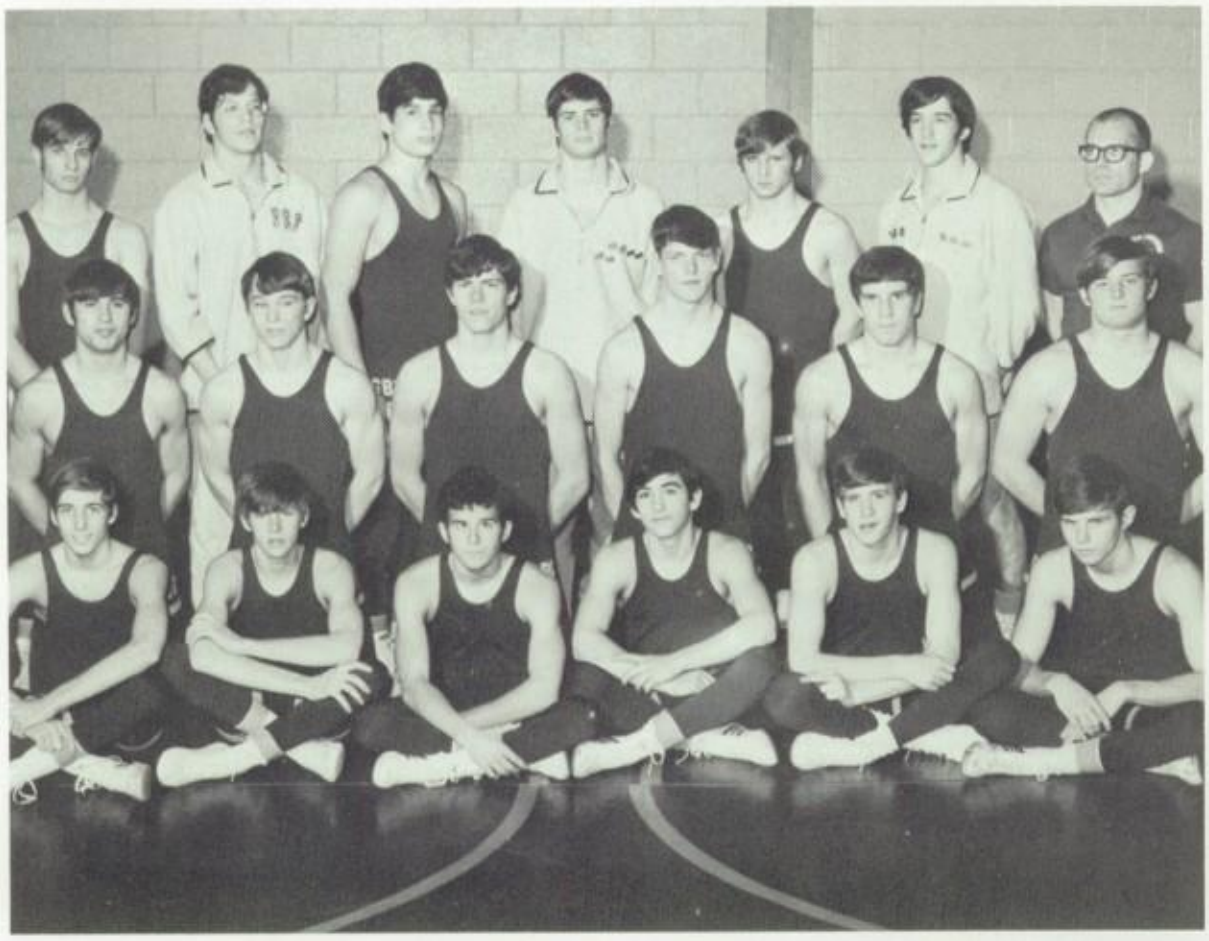
Matmen Take District Title



Spurred on by excellent performances turned in by Phil Morreale, Kevin McClure, Kevin Procter, Gary Hebein, and Roy Horras, the Spartan wrestling team placed 1st in the state district meet. The victory highlighted an excellent year for the matmen, one which saw them capture 2nd in the conference and finish with an overall 12-1 dual meet record.

Of the five boys advancing out of the districts, Morreale, Procter, and McClure advanced to the state finals with the latter capturing 4th place at 132 pounds.

The grapplers also fared well in seasonal tournaments, finishing 1st at Highland Park, 3rd at GBS, and 2nd at Lake Forest. Their lone dual meet loss came at the hands of arch-rival Glenbrook South, but revenge was gained when they beat out the Titans in the district meet.

Underclass Wrestlers Post Combined 22-7 Record

If underclass records are a sign for future ones, then Glenbrook's wrestling should be powerful for several seasons. The freshman team compiled a 7-3 record. They also tied for second place in conference, the best freshman record since the Glenbrook schools split. Steve Thompson, Phil Abell, and Jack Cotto had excellent seasons.

The sophomore team also had a 7-3 record but finished fourth in the conference. In addition, the team placed second of eight teams in the New Trier West tournament. They were led by Frank Demma, Rob O'Kerns, and Don Peeler.

The junior varsity squad ended in a tie for the conference championship rolling up an 8-1 record. The JV's placed second in the Highland Park tournament. Stellar performances were turned in by Chuck Olsen and Bernie Barrile.

Gymnasts Place Fourth In Districts

Ending the season with a 7-9 record the Varsity Gymnastics Team finished 5th in the Conference Meet and 4th in the District Meet. Never reaching their full potential due to injuries to key performers, they still managed to improve 50 points over the course of the season and set a new school record of 119.2 points. Coach Stan Kopielski was a "little disappointed" but he felt next year would be a better one with more depth on all levels.

The team was led by Captains Bob Carpenter on the parallel bars, Greg Childs on the sidehorse, Stan Kawamoto on the still rings, and Bob Mussleman in free exercise. Outstanding on the high bar were Bob Norman and Arvid Krumins, and the still rings team of John Bickley, Kawamoto, Frank Milazzo, and Mike Steinback was one of the best. Aiding the team was Glen Childs and Glen Kaufman, George Carlberg and Rick Pomerantz.

Sophomores Finish 11-5

Sporting a good team the Sophomore Gymnasts were 3rd in the Conference Meet and had an overall record of 11-5. The sophomore best were George Carlberg, 5th on the trampoline, and Rick Pomerantz, tie for 6th on the parallel bars in the District Meet.

In the Conference Meet top scorers were Pomerantz, 1st on the parallel bars, 2nd in all-around, and 5th on the still rings; Scott Bergey, 2nd on the parallel bars; and Nate Robbins, 3rd on the high bar. Also helping were Bill Orpet, Jim Hanekamp, Bill Behrends, Jim Bechtold, and Corey Alman.

Swimmers Post A 9-4 Record

With Co-captains Larry Weiss and Rick Brookwell leading the way the Varsity Swim Team posted a 4-3 conference record, a 9-4 record overall, a 6th in Conference, and 4th in the Districts. Weiss was the high point senior and elected most valuable swimmer. Most improved Senior swimmer was Tad Lepman who, in the 100-yd. butterfly, was 1st in the Districts, 15th in State, and set a new school record of 57.5 seconds. Junior Mike Bordeaux, most valuable diver, finished 2nd in Districts and 14th in State. Brookwell was the high point Junior and received the John Ward Memorial Award for hard work and dedication.

Coach Art Van Aman described his swimmers as a young team with a bright future. Three outstanding freshmen made the team with Eric Borchers being the all-around man, Scott Andrews swimming the 200-yd. individual medley, and Jim Austin in the 100-yd. backstroke. Rounding out the team were Seniors George Carlson, Tom Furtwangler, and Vince Wellman and Juniors Jim Beard, Jeff Field, Tom Finedore, Jeff Reene, and Steve Watson.

Sophomores Tie For Second In Conference

Although thin in depth, the Sophomore Swim Team had some fine individuals and posted a 10½-2½ record finishing in a tie for 2nd in the conference. Dan Green set two sophomore records with a clocking of 1:57.4 in the 200-yd. freestyle and 4:10.4 in the 400-yd. freestyle. Top finishers in the Conference Meet were Green, 1st in the 200-yd freestyle, 2nd in the 400-yd freestyle; and Mike Reene, 4th in the 100-yd. backstroke and the 50-yd. freestyle. Others on the team were Freshmen Scott Andrews, Jim Austin, and Eric Borchers and Sophomores Bob Blakeman, Dirk Happ, Dwight Moly, and John Whalen.

The Freshmen Team finished with a 7-3 record and a 5th place in the conference. In the Conference Meet, Jim Finedore was the 50 and 100-yd. freestyle champion and Mike Zakrzwski was the 150-yd. freestyle champion.

Track

Trackmen Take Second In Conference

The **Glenbrook North** track team, spurred on by first place finishers Bill Brown, John Piana, and Jon Moe, ran, jumped, and leaped well enough to capture second place in the conference track meet last spring. Brown set a conference record as he put the shot 56'8". Moe's high jump of 6'2" also established a new standard, while Piana leaped 21'7¾" in the long jump.

The cindermen began the outdoor season after an indoor year which saw them finish first out of a twelve team field in the Wildcat Relays.

They continued their winning ways with a first in the Lake Shore Invitational, second in the Spartan Relays, and another first in the Niles West Invitational. The Spartans also won three out of five dual and triangular meets, losing one by the slim margin of three points.

Finish 10th In State Meet

After placing third in the state district meet, the Spartan track team went on to become the tenth best track team in Illinois. Qualifying for the state finals were Bill Brown in the shot put and John Piana in the 100 yard dash, the long jump, and the 880 yard relay. Joining Piana on the relay team were John Heinze, Greg Childs, and Gary Cordell. In the state meet Brown threw the shot for a third place finish and when the team returned home from downstate, Piana was named the Most Valuable Player for the season.

On the lower levels Glenbrook's track teams fared equally as well as the varsity. The freshman team went undefeated throughout the dual meet season and went on to capture the conference title. The sophomore squad also was undefeated in meet competition and placed second in the conference meet.

Spartans Reach Sectionals In State

Morton East ended Glenbrook's bid for state tournament honors by defeating the Spartans 2-0 in the championship of the sectional finals.

The Spartans reached the sectional championship by capturing the district and regional crowns with successive wins over New Trier West, GBS, Niles North, and No. 1 ranked Maine East. They then beat Oak Lawn in the Opener of the sectionals.

Leading the Spartans were all-conference players Dale Thake, Rich Langer, Larry Thurston, and Stan Brietzman. Greg Biagini, Rick Hapner, and Mike Shea received honorable mention recognition.

Share Conference Crown

Led by the Central Suburban League's Most Valuable Player, Dale Thake, Spartan baseball team claimed a share of the conference title with a 10-4 record. Thake, also an all-state choice at shortstop, led the attack with a .394 batting average. He was aided by outfielder Gerry Pohlmeier (.364) and third-baseman Larry Thurston (.360) in hiking the team batting average to a solid .272. Rich Langer led an excellent mound corps with an 8 win—no loss record and a 1.67 earned run average. The pitching was rounded out by Rick Hapner, Greg Biagini, and Pat Morner, who compiled a team earned run average of 1.90.

Smith, Huguelet Pace Tennis Team

Glenbrook's varsity tennis team led by sharp-shooting Scott Huguelet and Neil Smith compiled a 5-10-1 record for the 1970 season. Huguelet, a real bright spot for Coach Howard Helfrich, amassed the best individual record in the history of Spartan tennis. His record was a formidable 16-4-1. Smith, a three-year letter winner, also had an outstanding season at the No. 2 singles position. He ran up a respectable 11-10 mark against extremely stiff competition. The No. 3 singles position was manned by Steve Clark. Steve Allrich, Bill Henkel, and Scott Sullan split the No. 1 doubles team duties and Randy Flink, Adrian Laurentsen, and Don Wobith combined for the No. 2 doubles squad. Next season looks promising for the tennis team as Huguelet and Clark will be joined by other letter winners Sullan, Henkel, Flink, and Laurentsen.

Golf

Golfers 2nd In Conference Meet

Led by hot shooting Mike Oakes and Rich Millar the Spartans golf team captured second place in the annual conference meet. Oakes carded a 76 for third place and Millar added a 79 to capture eighth place. In conference play the golfers managed a 4-3 won and loss record. To this figure they added a 1-2 non-conference record and a sixth place finish in the Lake Park Invitational.

Coach William Lutz singled out Oakes, a senior who did not play golf in his sophomore and junior years, as his best golfer for the 1970 season. Seniors Millar, Tim Evans, and Rick Bates along with juniors Joe Fritzel, Scott Ricker, and Chip Wyatt also saw much playing time.

On the freshman-sophomore level the Spartans fared better. Led by Tom Evans and Tom Meeley the underclass linksmen went undefeated in match play and won the league title at lower level.

Intramurals Provide Sporting Chance

Intramurals for the 1970-71 year again provided Glenbrook students with an opportunity to participate in many different types of sports programs without getting involved on an interscholastic level.

Boys intramurals took on a new look this year in hopes of stimulating more student involvement. Co-headed by Al Kalin and Mr. Green tournaments in golf, weightlifting, and handball were organized to increase individual competition.

In addition to the new programs instituted football, basketball, and softball remained on the scene keeping the spirit of competitiveness at a high level.

Girls intramurals also offered a varied selection of programs this year. Included were basketball, volleyball, bowling, gymnastics, and field hockey. Tournaments were held in basketball and volleyball. Interscholastic offerings were archery, tennis, badminton, and volleyball.

I am an individual
But without the encouragement of my friends
I would not achieve that which I am able to achieve.
I am a Spartan
But without fellow Spartans
I would not be proud.

I have a unique personality
But without the criticism of my peers
I would not realize my faults.
All the others involved in my activities
Make it possible for me to excel with my talents.
Without them, I could not be an individual.

Throughout the summer, teachers and administration worked on their new and different schedules for the following year. This included pre-tests, performance objectives, and finals. After experiencing one year at Glenbrook, Dr. James Duffy began his second year with his new learning techniques; he observed them in progress. Students were working at their individual speed on different subjects.

An important question was brought before the administration in 1970. This was that of open lunch. After many weeks of indecision, it was decided that juniors and seniors would be granted open lunch on an experimental basis of three months.

Former Counselor, Janice Gibbs, carried some of Dean Watt's former load of problems, as she became Dean of Girls. This was a major addition to the administration. Even though the problems were shared by two, Dean Watt was kept well occupied.

Board Strives To Make Class Lounge A Reality

"The great thing about this class is that while it is composed of unique individuals, these different people are still able to cooperate with each other to achieve a predetermined goal," according to the Senior Class President.

Class responsibilities as well as privileges were exercised by the Class Board's 26 members including President, Bill Wylie, Vice-President, Howard Schultz, Secretary, Kate Alley, and Treasurer, Gary Hebein.

Funds were raised by holding the New Faces Dance, Freshman Welcome Day, and a concert which replaced the traditional Winter Dance. Initiative was also directed towards graduation and establishing a Senior Lounge.

Pressure Mounts As Prom Nears

Junior Executive Board: **Left To Right:** Karen Rogatz, Secretary; Terri Friedman, President; Ann Malinski, Vice-President; (not pictured) Rick Brookwell, Treasurer.

1970 brought new and exciting responsibilities for the class of 72. Juniors worked in the concession stand to raise money for Prom. This year the Prom committee was open to students outside the class.

Terri Friedman, Class President, emphasized class involvement and therefore, many different committees were organized. One committee, for entertainment, had a folk gathering which included folk singers and local talent. The Spirit Committee created spirit and unity among the student body. A major project, the paper drive, was sponsored by the Social Action Committee who worked together with S.T.E.P. organization in collecting newspapers from Northbrook residents.

1970 was a year of exciting and different experiences for the class of '72. Juniors liked the idea of being upperclassmen and look forward to their senior year at Glenbrook North.

The sophomore class of '73 added spirit and enthusiasm to GBN through active participation in various school activities.

This year's homecoming brought a first place to "We Can Can Win", the sophomore spirit display.

With Mr. Jens working with the class, as class coordinator, the sophomores were able to raise money by selling lollipops to the student body. Bob Blakeman, sophomore class president, provided leadership for class activities. Planning a child day care center on Saturdays, sophomores were able to come closer to children. Planned class projects also included sponsoring a needy child.

Duane Gustavson said with freshman and sophomore years out of the way, the class is looking forward to their upcoming years as upperclassmen.

Sophomore Class Board: FRONT ROW: Linda Stone, Sue Bodine. SECOND ROW: Secretary Janet Rogatz, Rich Boodnick, Vice-President Lianne Self, Steve Gorsline, President Bob Blakeman, Liz Murphy, Treasurer Cindy Pherson. THIRD ROW: Chris Brenton, Gail Truelsen. FOURTH ROW: Mike Walker, Dave Geocaris.

Leaders Take Initiative In Early November

Freshman Executive Board: LEFT TO RIGHT: Secretary, Mary Touff; President, Pete Christensen; Treasurer, Cindy Galston, (not pictured) Vice-president, Tim Taich

New building, new books, new teachers, new activities, new faces, new freshman . . .

Anxiety filled many freshman as they entered a new world at GBN. Freshmen Welcome Day truly initiated the class into the movements and activities of the school.

Class elections were held in November. Results were Pete Christensen, president; Tim Taich, vice-president; Cindy Galston, treasurer; and Mary Touff, secretary.

Workable projects, headed by Pete Christensen, involving students, brought out class spirit and unity. Selling buttons and the Class Party raised money for the coming years.

The beginning of school was a good start for new freshman. Patti Smith said that freshman now feel a part of the Spartan family at Glenbrook North.

I have a job at a community store
But without my employer and fellow workers
I would not learn my trade.
I participate in community activities
But without the community to sponsor my projects
I would not benefit from them.

I am a publications editor.
But without the financial support of the community
My publication would not exist.
All the others involved in my activities
Make it possible for me to excel with my talents.
Without them, I would not be an individual.

Far Left: Swimming instruction at the YMCA is conducted by Maureen Matthews. **Above:** A community job is taken advantage of by Sally Giouvinazzo. **Top Right:** Business experience is gained for Bill Wylie through his part-time job. **Bottom Right:** Students such as Kim Phillips and Peggy Hastings and their friends often stop in the Guidance Corridor to read the announcements concerning colleges, scholarships, and available jobs. **Far Right:** Variety in the Northbrook shopping areas is taken advantage of by many Glenbrook students such as Sue Keator.

I could never completely express my gratitude to the 1971 Laconian staff members and Mr. Robert Knopik for all the hours that they have put into this book. Each one has taken his turn laying out pages, cropping pictures, writing copy, heads, and captions, and typing. Our photographers have worked along with us, even until four o'clock on many nights because we absolutely needed those pictures. The greatest thing about it, however, is the willingness to do all that is asked so that this book is really something to be proud of.

Preparations began as early as last May when the staff was chosen, and work continued throughout the summer. In June, Sue and I attended a week-long convention at the University of Iowa where we received innumerable criticisms and suggestions which aided us in creating this book. All summer, each staff member fulfilled his duty exceptionally well by attending staff meetings, spending weeks selling ads, and preparing for the work that was to come. Tension mounted from September to March as tomorrow's deadlines were forever threatening. However, a much larger office eased the tension a bit by providing better facilities.From March to June, the work by no means slacked off. Proofs were corrected, book sales were planned and carried out, and next year's staff was taught the things they'll need to know.

All our work has paid off as we are all extremely proud of the 1971 Laconian. Much thought, many hours, and a lot of questions have helped it along the way. I hope that all of you will be able to identify with it because you will be the fina judge of our work. Without you, i could never be a success.

Bev
